DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Fiscal Year (FY) 1997 Funding Opportunities for Knowledge Development and Application Cooperative Agreements

AGENCY: Substance Abuse and Mental
Health Services Administration
(SAMHSA), HHS.

ACTION: Clarification of Notice of
Funding Availability (NOFA).

This notice is to clarify questions/
issues that have been raised subsequent
to the publication of the NOFA for
SAMHSA's "Cooperative Agreements

for Integrating Mental Health and
Substance Abuse Prevention and
Treatment Services with Primary Health
Care Service Settings or with Early
Childhood Service Settings, for Children
ages Birth to 7 and their Families/
Caregivers" (Short Title: Starting Early
Starting Smart—SESS). The NOFA was
published in the **Federal Register** (Vol.
62, No. 31), Friday February 14, 1997,
on pages 6974–6977. The receipt date
for applications is April 17, 1997.

Award Amounts: On page 6976 under
the Cooperative Agreements/Amounts
section, the notice states that
approximately \$5.9 million will be
available to support approximately 10
SESS site awards and \$500,000 to
support one data coordinating center
award. To clarify, it is anticipated that
funds available to support the data
coordinating center may increase
commensurate with the increased center
tasks and responsibilities in years 2–4.
In addition, proposed budgets must be
for total costs (direct + indirect).

Evaluation Costs: The percentage of
the total proposed budget for evaluation
costs is determined by the proposed
study design and the costs associated
with the steering committee and the
data coordinating center. The budget
must be consonant with the cost of
doing the evaluation required by the
study design. The proposed study
design, evaluation associated costs, and
overall budget will be evaluated by a
peer review group as part of their
overall assessment of the application.

Eligible Applicants: On page 6976
under the Eligible Applicants section,
the notice states that applications
“* * * may be submitted by units of
State or local governments and by
domestic private nonprofit and for-
profit organizations * * *,” and that
each SESS site proposal must include
documentation regarding the existence
of an infrastructure and two years of
experience providing behavioral health
and other relevant services to the target
population. SAMHSA has determined
that “home-based” early childhood
service settings are eligible applicants if
they meet other eligibility requirements
as specified in the announcement.

DEPARTMENT OF THE INTERIOR

Central Utah Project Completion Act; Notice of Availability of the Record of Decision on the Wasatch County Water Efficiency Project and Daniel Replacement Project Final Environmental Impact Statement Documenting the Department of the Interior's Approval for the Central Utah Water Conservancy District To Proceed With the Construction of the Proposed Action Alternative

AGENCY: Office of the Assistant
Secretary—Water and Science,
Department of the Interior.

ACTION: Notice of availability of the
Wasatch County Water Efficiency
Project and Daniel Replacement Project
Record of Decision.

SUMMARY: On March 21, 1997, Patricia J.
Beneke, Assistant Secretary—Water and
Science, Department of the Interior,
signed the Record of Decision (ROD)
which documents the selection of the
Proposed Action Alternative as
presented in the Wasatch County Water
Efficiency Project and Daniel
Replacement Project (WCWEP and DRP)
Final Environmental Impact Statement
(FEIS), INT FES 96-58, filed November
22, 1996, and as described in the
WCWEP Feasibility Study dated January
1997. The ROD also approves the
Central Utah Water Conservancy District
(CUWCD) proceeding with construction
of WCWEP and DRP, in accordance with
statutory and contractual obligations.
Construction of WCWEP will provide a
replacement water supply out of water
conserved in Wasatch County, for the
water presently being diverted from the
Strawberry River basin. The
replacement supply will be delivered by
means of the DRP.

The FEIS for WCWEP and DRP,
considered three alternatives to restore
flows in the upper Strawberry River and
to provide water and water conveyance
facilities from Jordanelle Reservoir to
the existing Daniel Irrigation Company
(DIC) water storage facilities as
mandated in section 303 of the Central
Utah Project Completion Act (CUPCA)
and a No Action Alternative. The
Department of the Interior (Interior), the
Utah Reclamation Mitigation and
Conservation Commission (Mitigation
Commission), and the CUWCD served as
the Joint Lead Agencies in the
preparation of the NEPA compliance
documents.

In addition to satisfying the
requirements and authorizations of
CUPCA, the construction of the WCWEP
and DRP will satisfy Interior's
environmental commitment made in the
